PROPOSED
RESIDENTIAL SINGLE AND MULTIPLE
UNIT SEWER SERVICE RATE SCHEDULE
RIVIERA BEACH, FLORIDA

AVAILABILITY:

All residences, apartments, condominiums, and mobile home parks within the territory served by the City of Riviera Beach, Florida.

MONTHLY RATE:

Readiness to Serve Charge:

All single unit accounts shall pay a monthly rate of $3.75

All multiple units shall pay a monthly rate for the first unit in each building of $3.75

Each additional unit within each building shall pay a monthly rate of $3.35

Each unit where no water is furnished or metered shall pay a flat monthly rate of $7.55

The Readiness to Serve charge includes 1,000 gallons per unit usage as a minimum except for units where no water is furnished or metered.

ADDITIONAL USAGE:

All additional sewer service in excess of the 1,000 gallon per unit monthly minimum will be charged on the basis of monthly metered water usage at the rate of:

95¢ per 1,000 gallons of monthly metered water usage up to a maximum usage of 10,000 gallons.

OUTSIDE CITY LIMITS:

The outside city rates shall be one and one-forth the inside city rates.

CAPITAL IMPROVEMENTS CHARGE:

Imposed:

Except as otherwise provided by law, every property owner or developer whose property receives water service and/or sewer service from systems owned, supplied, or serviced by the City of Riviera Beach shall pay to the city a water and sewer capital improvement charge prior to the issuance of a building permit on each dwelling unit, or equivalent residential unit as follows:

~~$255.00 Water Service~~ — $133.00
~~$495.00 Sewer Service~~ — $267.00
~~per Equivalent Residential Unit*~~

*An "equivalent residential unit" is defined as an individual user, which from the city water system, purchases not in excess of an average of three hundred fifty (350) U. S. gallons of water per twenty-four (24) hour period, and discharges not in excess of an average of three hundred fifty (350) U. S. gallons of sewage per twenty-four (24) hour period into the city sewer system during the single month of maximum use. Determination of the number of equivalent residential units applicable to a user shall be made by the city, and adjusted thereafter following a twelve-month (12) experience record.

Exceptions:

No water and sewer capital improvements charges to the city shall be due:

(1) With respect to property for which there has been paid a water and sewer capital improvements charge as of the effective date of this article.

(2) With respect to existing structures connected to the city water system and sewer system as of the effective date of this article.

(3) All buildings or structures used for public worship by a religious society hereafter constructed in the City of Riviera Beach, shall be and the same are hereby exempted from paying a sewer connection fee.

(4) Any property improvement built before January 1, 1973.

MAXIMUM CHARGE:

Sewage disposal service charges are based on quantity of sewage discharged to the City of Riviera Beach System. If all water entering an establishment will not be discharged to the City of Riviera Beach Sewer System, a separate water meter may be installed on the water line which discharges to the sewer. Such meters shall be installed and maintained at the expense of the user, and the City of Riviera Beach shall, at all times, have access to such meters for the purpose of inspecting, testing, repairing, replacing, or reading such meters. Where no provision is made to meter the sewage or water discharged to the sewer, sewer charges shall be based on the total metered water use at the premises served.

OTHER FACILITIES:

Any facility using the sewer system, not included in the above category, or in the commercial category shall be charged an amount to be determined by the Director of Utilities or other authorized representative of the City of Riviera Beach. This charge will be billed monthly.

TERMS OF PAYMENT:

All accounts are due and payable ten (10) days from date of mailing. If accounts are not paid within thirty (30) days service will be discontinued without notice. It will not be resumed until full payment is made plus a $5.00 service charge.

If re-connection is not made within fifteen (15) days after service is discontinued for non-payment then the billing deposit shall be applied and 8% interest shall be charged from the date of the mailing until paid. Service will not be resumed until all unpaid balance plus interest, a new billing deposit, and a new connection charge are paid.

If the deposits do not satisfy the payment of a delinquent account such account shall run against the recorded owner of the property from the date said owner is billed and the lien imposed against the said property for the amount of the bill.

All bills must be paid in full. No partial payments are accepted. Checks or money orders must be made payable to Riviera Beach Water and Sewer Department. No checks accepted made out by other than a Customer.

TABLE XII-B

PROPOSED
COMMERCIAL SINGLE AND MULTIPLE UNIT
SEWER RATE SCHEDULE
CITY OF RIVIERA BEACH, FLORIDA

AVAILABILITY:

All commercial entities within the territory served by the City of Riviera Beach, Florida.

MONTHLY RATE:

Readiness to Serve Charge:

All single unit accounts shall pay a monthly rate of $3.95

All multiple units shall pay a monthly rate for the first unit in each building of $3.95

Each additional unit within each building shall pay a monthly rate of $3.55

The Readiness to Serve Charge includes 1,000 gallons per unit usage as a minimum.

ADDITIONAL USAGE:

All additional sewer service in excess of the 1,000 gallon per unit monthly minimum will be charged on the basis of monthly metered water usage at the rate of:

$1.14 per 1,000 gallons

SURCHARGE FOR STRONG WASTE:

An additional charge shall be paid on a monthly basis by commercial or industrial users who discharge wastes into the sewer system which contain in excess of 300 parts per million of either B.O.D. or suspended solids, as determined by periodic analyses.

rcharge For Strong Waste: (cont.)

Each commercial or industrial establishment known to discharge wastewater which may contain B.O.D. or suspended solids in excess of these limits shall be monitored by sample analysis of these constituents with such frequency as may be determined by the Director of Utilities, but not less than once annually, and the results of the most recent analysis shall be used in determining the surcharge to be applied to that user's charge each month.

The strength surcharge shall be based on the ratio that actual B.O.D. or suspended solids content, less 300, bears to 300, multiplied by 45% of the gallonage portion of the basic charge for that month, and as computed in accordance with the following formula:

$$\text{SURCHARGE} = \text{GALLONAGE CHARGE} \times .45 \times \frac{\text{BOD+SS} - 600}{600}$$

Where:

B.O.D. is actual B.O.D., but not less than 300.

SS is actual suspended solids, but not less than 300.

INDUSTRIAL COST RECOVERY:

Assessment:

Upon completion of Riviera Beach's portion of the West Palm Beach Regional Treatment facilities, each contributor of industrial wastes to the sewer system shall pay an annual Industrial Cost Recovery Assessment.

The total industrial cost recovery assessment for a particular user shall be computed in accordance with the following formulae:

a. $$\text{BASIC ASSESSMENT} = \text{GRANTS} \times \frac{\text{FLOW}}{8,000,000}$$

b. $$\text{STRENGTH ASSESSMENT} = .46 \times \text{BASIC ASSESSMENT} \times \frac{\text{BOD+SS} - 600}{600}$$

c. $$\text{TOTAL ASSESSMENT} = \text{BASIC ASSESSMENT} + \text{STRENGTH ASSESSMENT}$$

ssessment:(cont.)

Where:

GRANTS is the total Federal contribution for construction of the sewage disposal system, in dollars.

FLOW is as determined by taking the average flow per day during the two successive months each year having the highest recorded flow from the user.

BOD is as determined by adding together the B. O. D. determined by tests for each month (but not less than 300 for any month) and dividing the sum by 12.

SS is as determined by adding together the suspended solids determined by tests for each month (but not less than 300 for any month) and dividing the sum by 12.

Payment:

The period of industrial cost recovery assessment shall be 30 years or the useful service life of that part of the sewage disposal system to which the Federal Grants amount was applied, whichever is less, and shall begin at the time of commencement of operation of that part of the system. The assessment of a particular industrially classified user shall begin on the day he first receives beneficial use of that part of the system.

Unless specifically required otherwise by special agreement, each industrially classified user's assessment shall be paid in annual installments, each such installment being equal to 1/30 (one thirtieth) of his total assessment based upon his actual usage each year.

Assessments or installments thereon which become delinquent shall bear interest, compounded monthly, at the rate of 1% (one percent) of the amount due per month or fraction thereof, which elapses between the date such payment is due and the date the payment is made.

INDUSTRIAL AND COMMERCIAL WASTE DISCHARGE PERMITS:

Upon completion of Riviera Beach's portion of the West Palm Beach Regional Treatment facilities, a special permit will be required for each industrial, commercial or other type of business which is identified

Industrial and Commercial Waste Discharge Permits: (cont.)

as having other than domestic wastes or waste from sanitary conveniences. The fixed life of a permit is set for one year from date of issue and a renewed waste discharge permit will have a fixed life of one year. These permits involve the implementation of a formula for surcharges for wastes which exceed the sewage parameters for strength and provide a basis for the determination of industrial cost recovery assessments, all as defined elsewhere herein.

The application for a waste discharge permit shall be of a form specified by the Utilities Director or his designated agent. This application will define all of the pertinent data concerning the acceptance of industrial and commercial waste flows and will provide the basis for the issuing of a permit certificate specifying limitations on what the user may discharge. The initial permit shall be effective for a period of one(1) year only from date of issuance and must be renewed annually. An application for an initial permit shall be accompanied by a check for $50.00 drawn in favor of the City as an application fee. The application for a renewed waste discharge permit shall be on a form furnished by the Director of Utilities and the annual renewal application fee shall be the same as the initial application fee.

OUTSIDE CITY LIMITS:

The outside city rates shall be one and one-forth the inside city rates.

BILLING DEPOSIT:

There shall be required and paid by each owner, at the time the permit is issued, a billing deposit in the same amount as the water billing deposit.

CAPITAL IMPROVEMENTS CHARGE:

Imposed:

Except as otherwise provided by law, every property owner or developer whose property receives water service and/or sewer service from systems owned, supplied, or serviced by the City of Riviera Beach shall pay to the city a water and sewer capital improvement charge prior to the issuance of a building permit on each dwelling unit, or equivalent residential unit as follows:

ıposed: (cont.)

133 ~~$255.~~00 Water Service
267 ~~$495.~~00 Sewer Service
per Equivalent Residential Unit *

* An "equivalent residential unit" is defined as an individual user, which from the city water system, purchases not in excess of an average of three hundred fifty (350) U. S. gallons of water per twenty-four (24) hour period, and discharges not in excess of an average of three hundred fifty (350) U. S. gallons of sewage per twenty-four (24) hour period into the city sewer system during the single month of maximum use. Determination of the number of equivalent residential units applicable to a user shall be made by the city, and adjusted thereafter following a twelve-month (12) experience record.

Exceptions:

No water and sewer capital improvements charges to the city shall be due:

(1) With respect to property for which there has been paid a water and sewer capital improvements charge as of the effective date of this article.

(2) With respect to existing structures connected to the city water system and sewer system as of the effective date of this article.

(3) All building or structures used for public worship by a religious society hereafter constructed in the City of Riviera Beach, shall be and the same are hereby exempted from paying a sewer connection fee.

(4) Any property improvement built before January 1, 1973.

MAXIMUM CHARGE:

Sewage disposal service charges are based on quantity of sewage discharged to the City of Riviera Beach System. If all water entering an establishment will not be discharged to the City of Riviera Beach Sewer System, a separate water meter may be installed on the water line which discharges to the sewer. Such meters shall be installed and maintained at he expense of the user, and the City of Riviera Beach shall, at all times,

Maximum Charge: (cont.)

have access to such meters for the purpose of inspecting, testing, repairing, replacing, or reading such meters. Where no provision is made to meter the sewage or water discharged to the sewer, sewer charges shall be based on the total metered water use at the premises served.

OTHER FACILITIES:

Any facility using the sewer system, not included in the above category or in the residential category, shall be charged an amount to be determined by the Director of Utilities or other authorized representative of the City of Riviera Beach. This charge will be billed monthly.

TERMS OF PAYMENT:

All accounts are due and payable ten (10) days from date of mailing. If accounts are not paid within thirty (30) days service will be discontinued without notice. It will not be resumed until full payment is made plus a $5.00 service charge.

If re-connection is not made within fifteen (15) days after service is discontinued for non-payment then the billing deposit shall be applied and 8% interest other than for the industrial cost recovery interest charge stated elsewhere in this schedule shall be charged from the date of the mailing until paid. Service will not be resumed until all unpaid balance plus interest, a new billing deposit, and a new connection charge are paid.

If the deposits do not satisfy the payment of a delinquent account such account shall run against the recorded owner of the property from the date said owner is billed and the lien imposed against the said property for the amount of the bill.

All bills must be paid in full. No partial payments are accepted. Checks or money orders must be made payable to Riviera Beach Water and Sewer Department. No checks accepted made out by other than a Customer.

EMERGENCY
ORDINANCE NO. 1182

AN ORDINANCE INCORPORATING INTO THE LAWS AND CODE OF THE CITY OF RIVIERA BEACH, PARTS I AND II OF CHAPTER 166, FLORIDA STATUTES, 1977, KNOWN AS THE MUNICIPAL HOME RULE POWERS ACT, AND RELATING TO THE "GENERAL POWERS" AND "MUNICIPAL BORROWING" OF MUNICIPALITIES, AND PARTICULARLY THOSE PORTIONS THEREOF RELATING TO THE ISSUANCE AND SALE OF BONDS; AND REPEALING ORDINANCES IN CONFLICT THEREWITH.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF RIVIERA BEACH, FLORIDA:

SECTION 1. It is found and determined that an emergency exists in that the City will suffer great financial loss if it does not proceed immediately to issue revenue bonds pursuant to Part II of Chapter 166, Florida Statutes, and this ordinance is necessary to remove all doubts as to the power of the City in that regard. Because of such emergency the requirements of the City Charter and of Subsection 166.041(3)(a), Florida Statutes, 1977, relating to the enactment of ordinances, are dispensed with to the extent permitted in the enactment of emergency ordinances.

SECTION 2. The City of Riviera Beach does hereby incorporate into its laws and code Parts I and II of Chapter 166, Florida Statutes, 1977, known as the Municipal Home Rule Powers Act, and relating to the "General Powers" and "Municipal Borrowing" of municipalities and particularly those portions thereof relating to the issuance and sale of bonds.

SECTION 3. All ordinances and parts of ordinances in conflict herewith, and particularly all ordinances or parts of ordinances inconsistent with the full power of the City to issue and sell revenue bonds upon compliance only with the requirements of Part II of Chapter 166, Florida Statutes, 1977, are hereby repealed.

SECTION 4. This ordinance shall take effect immediately upon being enacted by the vote of four fifths of the City Council after two readings on the same date.

ENACTED AND ADOPTED August 28, 1978.
