**SUMMARY:**

The City of Riviera Beach currently has an Interlocal Agreement with the Solid Waste Authority of Palm Beach County (SWA) that expires November of 2014 for the processing and disposal of solid waste and the processing of recyclable material. SWA, being the disposal site for recycling and the distributor of recycling bins, desires to do a redistribution of recycling bins in an effort to stimulate recycling in the City. Along with bins, SWA will issue informational handouts in the bins that will educate the public on how to recycle and provide an update about recycling changes per Section 13 of the Interlocal Agreement which states "The Authority will provide recycling bins/containers and assist in promoting and educating residents within the CITY in an effort to work together and increase recyclable tonnages".

Additionally, SWA's effort to increase recycling participation could have the potential to increase the City's revenue from the "revenue share program" that is incorporated into the Interlocal Agreement. Revenue Share allows the City to receive funds quarterly from SWA through the sale of processed recyclables.

**FISCAL IMPACT**
