SECURITY CAMERA REGISTRATION PROGRAM

The Riviera Beach Police Department would like to inform you of a new and exciting crime prevention initiative that is available in your community. The "Security Camera Registration Program" will create a valuable technology partnership within our community. In 2006, the Riviera Beach Police Department began to install public surveillance cameras as part of a pilot program. After many successes, the pilot program was expanded to a city-wide deployment. Additional cameras have been installed at many of our parks, thoroughfares, and government facilities. The cameras are recorded and monitored by police officers.

These difficult economic times have driven us to maximize our use of technology to help prevent and solve crime. We have made every effort to use grant funding to expand our public surveillance camera capabilities. Many businesses and residents in Riviera Beach operate their own security camera systems. Maintaining a record of those businesses and residences is crucial because it allows the police department to better assist business owners and community members in investigating crimes and prosecuting criminals.

We are asking you to partner with the Riviera Beach Police Department and join our Security Camera Registration Program. You have a choice of two levels of participation.

- **By selecting Level 1, you authorize the Riviera Beach Police Department to access your security camera system remotely over the internet. You further pledge to cooperate and provide any technical information and/or assistance needed to facilitate this added security measure. We will use your camera to prevent crime at your business or on your block. If this option is right for you, then you should feel a strong sense of community pride and realize that you have made Riviera Beach a safer place.**

- **By selecting Level 2, you are simply stating that you want to notify the Riviera Beach Police Department that you have recorded security cameras and you pledge your cooperation by providing video evidence upon request. By selecting this option, you will be valued partner in our fight to solve and prosecute criminal activity in Riviera Beach.**

Please complete the form below or contact The Real Time Crime Center at 561-845-4183 for more information. If you have selected Level 1, we will contact you to work out the technical details once we receive the enrollment form. If you have selected Level 2, then simply submit the form and we will contact you if and when the need arises.

Thank you for being part of the solution!
